### Deliverable description

#### T4.2 Setup and maintain web site and social media (DTU WE)

A dedicated project web site will be setup within the first three months of the investment period. The site will be maintained throughout the investment period with news stories about the project and its outcomes and access to the publicly available deliverables. The web site will link to dedicated project accounts on LinkedIn, Facebook and Twitter where news can be distributed fast to the project’s followers.

Expected outcome:

- Project web site and social media accounts on LinkedIn, Facebook and Twitter (D4.2)

### Activities and tasks completed

- A project web site has been setup: [www.innowind.dk](http://www.innowind.dk)
- A page about InnoWind has been added to the web site of DTU Wind Energy: <http://www.vindenergi.dtu.dk/english/research/research-projects/innowind>
- A page about InnoWind has been added to Innovation Fund Denmark’s web site: <https://innovationsfonden.dk/da/case/data-fra-rummet-skal-saette-gang-i-danske-vindmoeller>.
- A group has been setup at LinkedIn: <https://www.linkedin.com/groups/13531146>
- Four news stories about InnoWind have been published on the web site
